

## **Profile: Kerry Turner - mcch**

The majority of my working career has been within the mental health, learning disability and voluntary sector working across Employment, Wellbeing and Enterprise services.

I have been working with **mcch** for nearly 20 years and during this time I have worked in a range of different operational roles and with a wide range of people, delivering services which change people's lives. As the organisation and services have developed, so too have the opportunities for me to make a difference. I have lead on the development and implementation of highly innovative Employment, Wellbeing and Enterprise services matched to meet the needs of the Individuals we support; ensuring all services are underpinned by national best practice and flexible to support the achievement of aspirations on each Individual's employment, recovery and life pathway.

I have been a Mental Health First Aid Instructor since 2010 and a Mental Health First Aid Lite Instructor since 2012, both endorsed by Mental Health First Aid England, and have delivered training to organisations such as the Fire Service and Voluntary Sector providers.
